

VICTORS

HOMESCHOOL SPORTS
of Central Mississippi

Dear Community Leaders and Friends:

Victors Homeschool Sports Program (VHSP) is a non-profit organization with a vision to provide competitive sports programs for home-educated junior high and high school athletes. This program is made possible through the work of volunteers.

Victors currently provides opportunities for 7th-12th grade homeschooled athletes in the following sports: baseball, softball, boys' and girls' basketball, and players currently being gathered for tennis and boys' soccer. We are competing this school year against area private schools and other homeschool teams in Mississippi. You can view our schedules on our website listed below. Since the costs of competing in high school athletics is expensive, funds for our program come from the registration fees of the players and from the support of sponsors like you.

Your sponsorship will be used to supplement registration fees and provide for uniforms, equipment, facility fees, referees, umpires, insurance, etc. We would like all interested families to be able to participate regardless of their financial situation.

As a sponsor you will be featured on our website at www.victorshomeschoolsports.com with links to your website. You will also be recognized on our Billboard of Appreciation to be displayed at each home game.

Your gifts are tax deductible, and you will receive a receipt for your records. Please fill out the sponsor agreement form found on our website, which you may return along with your donation to the player, parent, or coach who gave you this letter, or you may mail it to **Victors Homeschool Sports, 124 Woods Lakes Dr, Madison, MS 39110**. Please make checks payable to "Victors Homeschool Sports."

If you have any questions or comments, please contact us at 601-825-1384 or email us at the address below. Your support is greatly appreciated, and we look forward to partnering with you.

Sincerely,

Jim & Robyn Fehrenbacher, VHSP & All Players, Parents, & Coaches at Victors!
